

Geoscience Final Project –

The 5th marking period grade will be determined by averaging the scores from the mid term exam, Final exam, and final project. Thus, this project is worth 33% of the 5th marking period grade.

Task:

1. Log into your explorelearning.com account with your correct username and password.
2. Locate the Final Project category and find the available Gizmos listed under "Final Project".
3. Complete **5** of the Gizmos. **(Five!)** You must complete the exploration guides with the 5 question assessment for each. You will have to print the exploration guides you choose to complete. Plan ahead! Way ahead!
4. Each gizmo will score 20 points (10 pts for exploration guide and 10 pts on the 5 question assessments)
5. YOU MUST RECORD YOUR ASSESMENT SCORES ON THE ATTACHED DATA TABLE AND ON THE EXPLORATION GUIDE. (up to 5/5 for each) BE HONEST! You must hand in this sheet!
5. The project is worth 100 points that will count as 33% of your 5th marking period grade. Good Luck!

Options: Select only 5 of the following 12 Gizmos

Gizmo	Ex Guide Score (by teacher)	Assessment Score (5) (by student)	Gizmo	Ex Guide Score (by teacher)	Assessment Score (5) (by student)
Summer and Winter			Doppler Shift		
Solar System			Pattern Finder		
Chemical Equations			Ocean Mapping		
Distance Time Velocity graphs			Weather Maps		
Herschel Experiment			Topographic Maps		
Unit Conversions			Half Life		
TOTALS					

Final Project Grade _____

Due Date:

Complete and submit to Mr. Temme the 5 gizmos' exploration guides and assessment questions with this page by 3pm of June 10th. All access to Gizmo's will be turned off 3pm June 8th! (Any late submissions may only take place on June 8th for a 20% reduction in grade. No work accepted after June 8th!)
