

## **Exploring the Environment – Volcanoes - Peer Review**

*You are required to evaluate yourself and all members of your team. Read each item and decide how each person performed. Record your scores on the provided data table. Add up each column and divide the total by 17 to get the average score for yourself and your peers. Round the answer to the nearest tenth place.*

**5 = Makes an EXCELLENT contribution to the team**

**4 = Makes a GOOD contribution to the team**

**3 = Makes a SATISFACTORY contribution to the team**

**2 = Makes SOME limited contribution to the team**

**1 = Makes VERY LITTLE contribution to the team**

**0 = Makes NO contribution to the team**

### **Helpfulness**
